Bringing our community together since 2020

February 2026

## Editor's Note

February is here and it's traditionally the love month. When's the last time you told the people you care about specifically what you admire or are comforted by knowing them? I am at a certain age in my life when my contemporaries are passing. In December we had four memorial services to attend, so let's have February be "appreciation" month where we stop and acknowledge the people who enhance our lives in both little tiny ways and in huge grand ways. It might make the world a little better. Instead of focusing on our differences, as we look at what we all have in common. Notice the good in people and say something out loud – that's a great way to honor this love month.

I appreciate every one of our readers and the businesses that support this paper. I appreciate those who submit articles and the people who send emails or letters in the mail with their comments and words of appreciation. It all makes a difference.

See you around town!

## CUSD Employee of the Month Laura Ware Sponsored by Dahlia & Sage Community Market

Cloverdale Unified School District is proud to recognize Laura Ware, Special Education teacher at Cloverdale High School, as our Employee of the Month. Laura is known for her dedication, warmth, and unwavering commitment to students and colleagues alike. She co-teaches in English and Math, supporting students of all abilities and ensuring every learner feels valued and capable. Always ready to help, Laura is the kind of colleague everyone can count on. She is well known to be positive, collaborative, and caring.

Beyond the classroom, she serves as the Special Education Department Chair and volunteers on multiple committees, helping strengthen programs and promote inclusion. As both a Cloverdale resident and parent of a district student, Laura brings a deep sense of care and connection to her work. Congratulations, Laura, and thank you for all you do for our students, staff, and community!

## Whisker Talk

### Brigid Wasson

It's a sad fact that pets do not live as long as we do. Most dogs and cats will live to a maximum of 15 years, and after 10 they will start to exhibit signs of being a "senior." Here are some ways to make those latter years happier and healthier for your animal family members.

- Diet.** Pets' needs change as they age. They may need more or less calories, fat, or protein. They may have less appetite so will benefit from wet food or broth added to kibble.
- Teeth.** If you've ever had dental problems, you know how uncomfortable it is. If your pet has bad breath, avoids eating, or paws at their mouth, a dental exam is in order.
- Exercise.** Senior pets may not be as energetic or flexible as they used to be, but they still need exercise. Leash walks with your dog or play time with a feather wand for your cat can help them feel better and live longer.
- Accommodation.** Steps to the bed or other furniture and bowls placed down low can reduce jumping which is hard on aging joints.

Most of all, enjoy every day with your senior dogs and cats.

## Wine Country Rock Crawlers

On December 13th, 15 off-road vehicles packed with toys met up in Healdsburg for a special community drive. They cruised through the Dry Creek Valley, weaving their way to the Cloverdale Fire Department, where they were welcomed with open arms.

They enjoyed a station tour, took photos, dropped off toys for kids in our community, shared plenty of laughs, and then wrapped up the day with lunch at La Tequila.

It was a great day spent with friends. It always feels good to give back to the community where some of their club members live and work.

For more information about the Wine Country Rock Crawlers, find them on Facebook.

## The Grange 456 Michele Armanino

Behind the Cloverdale Performing Arts Center, on Cloverdale Blvd., there is a building called the Grange. Over a century ago, a Grange's purpose was agricultural, a place for farmers and community to share ideas, break bread and aid their community. The Cloverdale Grange, at 201 Commercial Street, was constructed in 1930 and was the site of the town's first firehouse. Since then, it has been a jail, doghouse and city hall. Most recently, the CPAC rented the hall as a performance space until the new CPAC was built in 2007.

Jude Gibson, a Cloverdalian since 2009 and former President of the CPAC, now holds a seat as an executive member of Cloverdale Grange Hall, 456. In October, 2025, thirty-five determined Cloverdalians were sworn in as board members. One of the board's main goals is to focus on the opening of a well-needed thrift shop in the Cloverdale Grange. The building, which is still in need of repair, was in danger of being shuttered as its upkeep was unsustainable. The hall is getting a head to toe make over with long-needed repairs and updates. Sonoma County allocated much needed funds providing the Grange with a new roof and updated electrical. "Women in their sixties, seventies and eighties painted the interior of the Grange with the volunteer assistance of Cloverdale painting contractor, Andres Marquez." says Jude.

"Thrift shops are important in our community for so many reasons." says Jude. "They are good for the environment as they keep things out of the landfill. They support the community food pantry and allow artists to be creative by reducing waste. They offer unique finds and benefit charities." she says. "We will offer scholarships too, once we are up and running."

The Grange had its successful soft opening and ribbon cutting on January 10. Its hours of operation will be Thursday and Saturday, 10-3 p.m. "We need more volunteers if the community desires the shop to be open on more days. Shifts are only 2 1/2 hours long, so it's very doable! We're just a bunch of folks who want to serve our community - neighbors helping neighbors," says Jude.

## Leading With the Heart

Nora Archambeau, M.A.

"Let the nudges of your heart lead the way."

— Jane Lee Logan, Artist of Princess Sassy Pants & Co.

One late afternoon, I was driving home to Cloverdale and daydreaming how the intention of my recent meditations has been concentrated around my heart/the heart. To my surprise, I had an "a-ha" moment. I realized that since starting this practice four months ago in a class at The Zen Den Studio 5 Yoga, my interactions and dealings with others have gone wonderfully smoother (not perfect, yet noticeably better). What delight! The focus of the intent had sprung forth and was now developing. There has felt a softening within and without. And, voila, I had the title of this column, "Leading with the heart!"

Reflecting on the month of February, the accentuated "heart" month, we are especially challenged (dare I say, called?) to up the ante when it comes to approaching everyday life with our hearts. Cloverdale is blessed with a multi-cultural, international population. This flavor of life should be cherished and explored. I find it especially cool to live in a town where business owners can shake up the heartbeat of the community. That is, five establishments have imbued new life into several town corners (please see below). I believe this is because they are leading with their hearts!

How can we therefore cultivate our lives applying more heart?

1. **Rea Prince's Root to Rise Meditations**, a local meditation practitioner extraordinaire;
2. **Pick's Roadside**, open for business serving burgers, fries, milkshakes, and Community;
3. **North End**, a fashionista's mecca for cool clothing vibes, jewelry, and fun Girlz' Nites;
4. **La Familia Sana**, a beautiful historic space to warmly assist underserved neighbors;
5. **Cloverdale Grange 456 Thrift Store**, a renovated spot ready to bring in the Change!
6. Last, "**Sunshine, Lollipops, and Rainbows**" by Leslie Gore, 1963 (a great year, btw!), is such a happy song that would sound awesome played at Pick's...hint, hint.

## Florence Pauline Ottoboni

Oct. 5, 1930-Dec 7, 2025

Florence was born on October 5, 1930, in Oakland CA to Mario and Jeanne Cuttica. In 1946, she and her parents moved to Cloverdale where she attended and graduated from Cloverdale High School. She met the love of her life, Nathaniel "Albie" Ottoboni in Cloverdale and they married on February 4, 1951. They relocated to Oakland in the mid 1950's, where they raised their family.

Florence is survived by her children Michelle Ottoboni, and Kevin Ottoboni, her grandchildren Amanda Young, Kevin Ottoboni Jr., Zoe Ottoboni Ball, and Hanna Ottoboni as well as her great-grandchildren Rebecca Ball, Harper Ottoboni, Raegan Ottoboni and Walker Ottoboni. She was preceded in death by her parents, her brother Peter Cuttica and her devoted husband Albi Ottoboni.

Florence gave generously of her time to St. Augustine's elementary school as a member of the PTG and student's favorite – hot dog Thursdays. Once Michelle and Kevin graduated, she then devoted herself to St. Vincent de Paul Society, spending her time shopping for the food pantry and distributing food twice a month with the other volunteers.

Florence will be remembered fondly for her sense of humor as well as her dedication to volunteering and giving back to her church community. She will be missed very much.

In lieu of flowers, the family requests that donations be made to St. Vincent de Paul's St. Augustine.

## Cloverdale Senior Multipurpose Center

Melanie Hall

Happy February to you! This month is certainly a "love" month. Not only do we get to celebrate the love we have for family, friends, and animals, but it is also an enjoyable time to raise awareness about heart health.

According to the Centers for Disease Control and Prevention, CDC.org, "heart disease is the leading cause of death for men, women, and people of most racial and ethnic groups. High blood pressure is a leading cause of heart disease, and heart disease is costly. Having a healthy plan with a variety of foods, keeping a healthy weight, and not smoking can help keep blood pressure in a healthy range, which lowers your risk for heart disease and stroke."

In addition to having a healthy diet, it is also important that we remain as physically active as possible and engage socially with others. At the Senior Center, several physical activities are offered, serving both purposes. Many times, I hear sharing of stories amongst the attendees. Some classmates meet not only in class, but also outside of the center socially, and one class even decided that this year we should have a group who walk in the Citrus Fair parade on behalf of the center.

I am excited to be in the parade with the Senior Center group. This will be my first time walking in the parade on behalf of the center. I am looking forward to the physical activity, along with sharing this special experience with others. I cannot think of a better way to make my heart feel happy as well as healthy than doing this fun activity and celebrating Valentine's Day at the same time!

The Senior Center is sponsoring bingo at the Citrus Fair on Friday, February 13, at 2:00 P.M. This date at the fair is Senior Day, so those who are 62+ years old get in free. I hope to see you there, and we can all spread a bit of joy and love, which sure makes my heart feel happy!

## February Gardening Tips from Sonoma County Master Gardeners Sponsored by Sanz Nursery

- Clear vegetation as soon as possible. It is important not to clear brush and trees during bird nesting season March 1st to August 31st to protect our bird populations.
- Finish pruning roses. A general practice in Sonoma County is to have them pruned by Valentine's Day.
- Also finish pruning summer-flowering and foliage trees as necessary. Deciduous trees are much easier to prune when leafless, as the branch structure is more clearly visible. Cut out all crossed and damaged branches and prune for shape.
- You can plant bare root trees and shrubs that are now available at nurseries.
- Snails may begin making their presence known, either directly or by holes they eat in leaves. Removing by hand is an effective control method, but it takes dedication to go out in very early morning or after dark armed with a flashlight to catch as many as possible. The more you control snails before they lay eggs, the fewer there will be later.
- Clean and sharpen garden tools using a rasp or stone. Sharp pruners are easier on both plants and your joints. Storing hand tools year-round in a 5-gallon bucket of sand with some vegetable oil mixed in helps keep them sharp. Every time you push them into the sand, the tools will get an effortless cleaning and lubricating. Motor oil isn't recommended, as it's harsh on hands and difficult to dispose of properly.
- February is a good time for washing out old pots and trays. You can put clay pots in the dishwasher after first rinsing off dirt and debris. The dishwasher will sterilize them and they'll be ready for spring planting. Rub pots with linseed oil after cleaning to make them more attractive.

## Center Stage at the Cloverdale Performing Arts Center

Lenore Messler

The CPAC stage and screen come alive this month with shows designed to delight, inspire, and bring our community together!

Our February lineup kicks off with **Dirty Cello on February 7**, returning to Cloverdale with their high-energy, genre-bending blend of blues, rock, and Americana. With cello like you've never heard it before, Dirty Cello is guaranteed to get your heart thumping and your toes tapping!

Then, join us for **The Love Concert on Valentine's Day**, an evening of uplifting songs from local recording artist Paula Gilbert's new album Love is the Answer. Featuring local talents Colleen Shields, Carol & Lenny, Mila Torres, and Mal Tornay, with a guest appearance by Cupid MC rapper Jack Prescott.

Our 2026 monthly **Movie Nights continue on February 19** with the family-friendly animated hit The Bad Guys (PG). We round out the month with the **Raven on the Road Production A Good Deal, opening February 27**. Brimming with humanity and humor, this play is a bittersweet tale of love, loss, and family connections.

We look forward to seeing you at the theater!

### Tips for travel budget savings

**Be flexible.** Search not only on your ideal travel days, but also a few days before and after.

**Fly on weekdays,** the midweek days — Tuesday and Wednesday — typically have lower demand and are often the best days to travel for lower prices.

**Be flexible on the destination.** Consider subbing Quebec City in for Paris if you want Old World charm.

**Reprice your flights and hotels.** As long as you've booked a hotel, car or flight that can be canceled without penalty, you should make it part of your weekly routine to check for price drops.

**Use points and miles** when appropriate. If you have a stash of points and cash fares are high, it makes a lot of sense to use those points instead.

**Join AARP** - You can join AARP for discounts even if you are not retired. The advocacy group for older adults offers various discounts, including \$65 to \$200 off British Airways flights and 10% off stays at Hilton hotels. You can also use your AARP membership to save on car rentals, including 30% off a car rental at Budget or Avis.

**Stay outside of the national parks** and take advantage of the free days. National Park week in April, National Public Lands Day in Sept, and Veterans Day in Nov.

**Use your library card** for museum admission. California libraries offer various lending programs, notably the state-wide California State Library Parks Pass for free state park entry.

**Save on entrance fees** with Bank of America. Bank of America cardholders can enjoy free general admission to more than 225 cultural institutions in dozens of U.S. cities on the first weekend of every month just by showing their cards. It's through the Museums on Us program

## February: Reflecting on Progress and Looking Ahead

**Glen Senestraro, CUSD Superintendent**

February marks an important midpoint in our school year, a time to reflect on our progress and recommit to the work ahead. While the pace of the year remains steady, this moment gives us perspective on the collective impact being made across Cloverdale Unified.

Every day, our staff demonstrate dedication, professionalism, and care for students. In classrooms and across campuses, educators and support teams are creating environments where students continue to grow academically, socially, and emotionally. Beyond the classroom, our winter sports are in full swing, and our student-athletes are competing with pride, teamwork, and determination. In addition, Cloverdale High School recently showcased the talents of our students through a drama production that highlighted creativity, collaboration, and the arts as an essential part of a well-rounded education.

These experiences, academic, athletic, and artistic, reflect the perseverance and commitment that define this time of year. The work happening now, whether in the classroom, on the court, or on the stage, is shaping the achievements we will celebrate in the months ahead. I am continually inspired by the dedication of our staff and students and grateful for the partnership of our families and community.

As we look toward spring, let us remain focused on our shared purpose: ensuring every student feels supported, valued, and capable of success. Together, we will continue to build momentum and strengthen the learning community we are proud to serve.

Thank you for all you do to make Cloverdale Unified a place where students thrive.

## Connect With Cloverdale High School June Schriner

Beginning in March, North Bay Construction Corps will offer a three-month program for high school seniors to learn basic construction trades and job skills. Examples of skills that will be taught will be electrical and plumbing, concrete work, tool handling and safety, heavy equipment operation, blue print reading, and applied math. Meetings will take place on Saturdays from 8:00am-3:00pm and some week nights from 5:00am-7:30pm. Seniors applying need to turn in their applications by February 6th.

FFA students attended the "Made for Excellence" Advanced Leadership Academy. Students are also competing in the floral design, veterinarian course and Parliamentary procedure competitions. In January, an exciting casino night was held for the monthly FFA meeting where prizes were won like air-pods, a tv, and even a fish!

Are you or someone you know interested in being a high school sports coach? Cloverdale High school is in search of a JV baseball, JV softball, and Varsity football coach. Please call 707-894-1900 for more information.

## A Growing Flock Will Carter

At a meeting held on May 24th, 2023, the Cloverdale City Council adopted ordinance 751-2023. This approved \$37,250 for installation of and the initial year of service for a system of Flock Safety Automated License Plate Reader (ALPR) devices at the perimeter roads of Cloverdale. These initial cameras are located at the North end of Cloverdale Blvd., at Citrus Fair Dr. & S. Cloverdale Blvd., at Sandholm Ln. & Dutcher Creek Rd., and near Asti Rd. & E. First St. Another four ALPR devices (approved by the State) can be found along both sides of Highway 101 between the Citrus Fair Dr. and Highway 128 interchanges. You can identify them by their black poles, black ALPR camera units, and their small solar panel. Once you recognize them, you will notice them all over!

Individual agencies/businesses are responsible for funding ALRPs, and Flock Safety is not required to disclose any details publicly, including count, placement, or the agencies/businesses which operate them. However, a site which tracks installed ALRPs, deflock.me, reports over 220 installed throughout Sonoma County. At this time, Flock ALRPs are limited in their use to local agencies, for the purposes of vehicle identification and tracking, with a history of 30 days. However, privacy advocates have raised concerns about Flock's privileges as a private company to modify terms of use and general fears of normalized surveillance.

Our own Flock ALRPs have been of great service to the Cloverdale Police Department. A review of CPD press releases from 2025 identifies at least five incidents in which Flock ALPRs were used by CPD or cooperating agencies to affect arrests of suspects, including suspects of violent crimes. When compared to our total Public Safety expenditures, it is easy to see how Flock ALRPs have provided great value to the Cloverdale Police Department and to the City of Cloverdale.

In this era, both sides of the Flock argument are prone to exaggeration and misinformation. While I feel confident that Flock ALRPs serve the safety of our community effectively and empower our law enforcement officers in new and important ways, successful use does not absolve Flock Group Inc. from reasonable scrutiny.

## Cloverdale Library Community Connection

John Koetzner, Children's Services Librarian

### The Library: One-Stop Inflation Fighter

As our economy continues to squeeze us a bit financially, one way you can save money locally is the Cloverdale Library's eResources. By going to the library's homepage, just click on the eLibrary tab (or click on the three lines left of our logo to see a dropdown menu) that takes you to an eLibrary tab that links to databases that support reading for all ages, entertainment for all ages, news, and so many other types of services and collections. Just by browsing the A to Z eResources, you will find hundreds of databases. This month, I unveil several.

For children, we have Bookflix which pairs a nonfiction book with a work of fiction to support reading. There are also Hoopla and Kanopy that have kids sections that include movies, tv shows, books, comics, and more that don't count against checkouts for the library. Teens and adults will find Kanopy and Hoopla fun to use as well with content aimed at all audiences.

In addition to entertainment content, the library has educational content such as Britannica School, National Geographic Kids, Learning Express (that supports math, English, and science from basic skills to college-level skills), and tutor.com. Adult users will find adult portions of Learning Express that include test preparation for several trades and college skills practice and exams. We also have LinkedIn Learning as well with instructional videos.

Anyone who has mourned the disappearance of print magazines and journals over the past several years should cheer for the electronic subscription to Libby Magazines with content from over 3000 digital magazines. The Libby app makes it easy to read them on a tablet or phone too. The library gives you access to the Press Democrat, New York Times, Washington Post, and over 7,000 worldwide newspapers through Press Reader.

Tired of paid music streaming services? The library has commercial-free Freegal, a streaming music service that also allows you to download three songs a month and keep them forever. This is a small sampling of what you'll find for free at the library, so let the library help be your inflation fighter.

**Roots of Rock KOWSfm.com ~ M.J. Girard**

The shortest month of the year is chock-a-block full of L O V E ! Ancient Roman fertility rights was the origin of this celebration. Later, Christian adaptation revolved around martyred saints named Valentine, eventually becoming, through medieval poetry, the love filled day of the fourteenth, the day according to legend, that birds started mating. (Love Birds...e.g., Doves, Budgies)?

Well, in all fairness, everyday is a "holiday"...so why not celebrate Saint Valentine's Day every day with the one you Love! With an unexpected kiss, a rose or a special evening out.

When it comes to music, whose main theme is love; either making up or breaking up, looking for love, or looking to give it up, one will recall the music of their lives and the loves that shared those moments, hopefully with fondness.

Recalling some of the very best songs; Whitney Houston's "I Will Always Love You" also sung by Dolly Parton, Etta James "At Last" the Righteous Brothers "Unchained Melody" or Elvis Presley "Love Me Tender". Also, "Endless Love" the duet by Diana Ross and Lionel Richie. Let us not forget the Beatles song that Frank Sinatra called the greatest love song of the last half century (20th) "Something". I'm sure you have a favorite or two as well. Feel free to contact us at KOWSfm.com with your requests or comments. We have a vast array of excellent entertainment options to choose from.

The "Roots of Rock" will be featuring the best loves songs during February every Sunday morning at seven, with archival programs available on Monday.

Incidentally, we are offering an amazing opportunity to our listenership, an hour-long program, produced with one of our regular host! "Host With The Herd". Check it out. More information is available on the website: KOWSfm.com

## Clo Dems Want You to Know

### Your Voice, Your Cloverdale: Will You Step Up?

We all love this town. From the bustling activity on the Boulevard to the quiet mornings in our parks, this community is special because of the people who call it home. But a community doesn't run itself—it is led by those who show up.

### This November, we will vote for new leaders.

Several critical seats will be open for both the **Cloverdale City Council** and the **Cloverdale Unified School Board**.

### Who is Up for Election?

On the City Council, **three of the five seats are on the ballot this cycle.**

- Andrés Marquez: Appointed in February 2025 to fill the vacancy left by the resignation of Gus Wolter, Marquez is currently serving the remainder of that term.
- Marjorie Morgenstern and Brian Wheeler: Both elected in 2022, their terms are expiring this year.

On the School Board, **two trustee seats will be decided by voters.**

- Jenny Candelaria-Orr and Jacque Garrison currently hold the seats up for election.

### Is 2026 your year to run?

Too often, we assume running for office is reserved for "career politicians." That is a myth. The best local leaders are simply neighbors who care—parents, retirees, and professionals who want to ensure our roads are fixed and our schools thrive.

### Where to Start

You don't have to guess the process; guidance is available.

- **City Council Hopefuls:** Visit Cloverdale.net and search for the "Candidate's Information Guide" under the City Clerk's section. The Clerk is your primary contact for nomination papers.
- **School Board Hopefuls:** While the district office is helpful, your main resource is the Sonoma County Registrar of Voters (sonomacounty.ca.gov), which publishes the essential "Candidate Guide" and handles filing.

Our democracy works best when we have choices. We need diverse voices and fresh ideas on our ballots this November. Please consider running—Cloverdale is counting on you.

### ALWAYS FREE

*Cloverdale Connect* provides our readers with local news with **FREE** home delivery supported by our local businesses and Cloverdale Connect Champions.

## Courtney Jade Davis February 6, 1991 – January 5, 2008

Rainbows have different meanings and symbolism to different people and cultures.

Technically, rainbows are optical illusions of light caused by sunlight refracting and reflecting in water droplets creating a spectrum of seven colors that appear as a circular arc, with no two people seeing the exact same one.

Rainbows, though, have inspired countless stories, myths and interpretations throughout history. Beyond their beauty, they carry rich spiritual meanings and are often seen as symbols of hope, transformation, diversity and divine connections. Rainbows are often seen as bridges between the physical and spiritual worlds. Some believe they are sent by loved ones who have passed on, offering comfort and reassurance of their presence. Rainbows have a very special and significant meaning to us.

Courtney's Godmother, on January 4th, 2026, shared with us this beautiful rainbow (pictured) and said, "It's Courtney's Rainbow!!!! I was so hoping to see one today or tomorrow and here it is. I saw a rainbow on the same day after Courtney's funeral and never forgot it. Strangely, I have spotted at least three or four right around this time and around her birthday, so I am always so thrilled. Truly a great sign."

There was the biggest and brightest double rainbow we have ever seen after Courtney's service on January 12th, 2008. We look at that rainbow as a sign sent by Courtney offering us comfort and reassurance of her presence.

We will be doing a post flood clean up, on Feb. 7th, at the Cloverdale River Park for Courtney's 35th Birthday. Please stop by and say Hello.

## La Familia Sana Grand Opening

La Familia Sana is putting the LOVE back in CLOVERdale and we invite you to celebrate this moment with us.

Our new La Familia Sana campus at **439 N. Cloverdale Blvd** is already open and in motion. Every day, families walk through the doors, partners gather in the space, and real care is happening—from food access and health support to connection and community navigation. The Family Resource & Resiliency Center was created to be a true community hub, rooted in dignity, access, and belonging, and that vision is already alive here.

After 4.5 years of showing up wherever our community needed us, this space represents a milestone worth marking—not because the work is finished, but because it continues to grow.

We invite you to join us for our **Grand Opening Celebration** on **Saturday, February 21, from 10:00 AM–4:00 PM**. It will be a family-friendly day to connect, reflect, and celebrate the people who make this work possible—neighbors, partners, volunteers, and supporters alike.

We'd be honored to celebrate together.

Shout Out to **Regina Plumbing** for quick, clean, professional service! Highly appreciated and recommended.

Martha MacLean

Huge Shout Out to **The Outpost** for my beautiful new jacket! It's incredibly warm and cozy! I absolutely love it. (thanks for tipping off my son)

Juli Southard

I just want to give a Shout Out to the wonderful folks at **Happy Donuts**. Cloverdale is lucky to have them! Love the breakfast sandwiches.

Janice Morrissey

I need to give props to **Dunken** (sic) who is one of our **(US Post Office) mail carriers**. He has the best attitude and sometimes I can hear him singing songs. He walks up to my door when I have a package and always says "Hello" to my dog. We are so fortunate to have him here in Cloverdale.

Cheri Torvick

Compliments to **Redwood Credit Union** Team for their 100% friendly and efficient customer service. As a team they are always working together to successfully assist members with financial transactions. The true spirit of Cloverdale lives in their office!

Andy Kotnik

We met a family member in Cloverdale at **Piacere Ristorante Italiano** for Sunday brunch. The food was fantastic, the waitstaff attentive and kind and the pricing was reasonable. It's a hidden treasure for sure!

Rebecca Lucas

Shout out to **Curly Doodle Dog Grooming** for two good nail trims for our two good dogs today. Thanks for having Saturday appointments.

Mervyn Welch

Want to give some feedback on **Pick's Roadside** in Cloverdale. Working today so me, my son and crew came by for a bite. The food was high quality. Very tasty. Fed 3 people for \$60 which seems fair to me. They also listened to the community and now have their milkshakes priced at \$9 instead of \$13, originally advertised. We didn't order one but saw a few and they were big! And heard they were delicious. Everyone enjoyed the food.

Ian Jones

I recommend **All N One Detailing**. We had one of our vehicles done there and they were well prices and did a great job.

Heath Blackwell

Just hired **Veterans United Hauling and Junk Removal LLC** for another time and can not say enough good things. Reliable, fair pricing, punctual, and thorough (not to mention just two nice people!) If you have trash or a haul job, reach out to them.

Merwyn Welch

The **UPS Store** has the absolute best customer service! I went to pick up my large package and without hesitation Matt carried it to my car. He's done this on many occasions. But honestly every employee that works there is so kind and friendly.

## Local Event to Address New Challenges from Irrigation Ban

In January 2027, a new California law will ban irrigating 'nonfunctional' lawns with potable water, i.e. drinking water, in commercial, industrial, institutional, and HOA properties. To help landscapers and property managers prepare, the Russian River Watershed Association (RRWA) is hosting their 8th Biennial Russian River-Friendly Landscaping half day event, *Turf's Up! Tree Care and Lawn Conversion in a New Regulatory Landscape*, on February 11, 2026 at the Finley Center in Santa Rosa, from 8am-12:30pm.

Assembly Bill 1572 specifically bans irrigating nonfunctional turf (NFT) with potable water; nonfunctional turf refers to ornamental, decorative lawn areas that do not serve a functional purpose for community gathering or recreation. For example, the small turf patches placed between parking spaces or in front of businesses. These areas exist for aesthetics or spacing and are not designed for gathering or play. This ban does not apply to individual homes' front or backyards in HOAs, and properties that use recycled water. This ban also does not apply to existing trees or shrubs that are within or adjacent to patches of turf.

Property owners and managers subject to this law have options such as connecting to recycled water (if available in the area) and converting lawns into water-wise landscapes with native plants. Though landscape transitions have a multitude of benefits, it is easier said than done, requires extensive planning, and can be expensive.

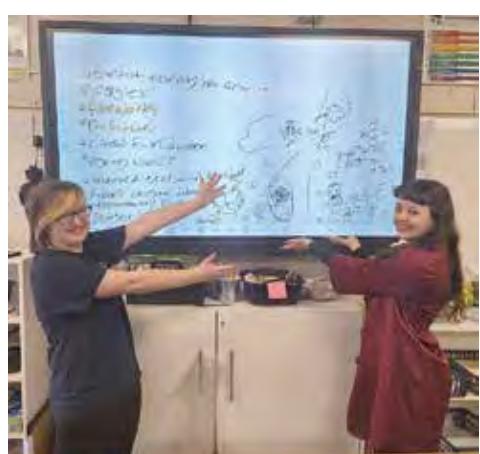

Converting lawns into beautiful landscapes with native plants not only uses less water- it supports pollinators and saves costs on long term maintenance. This type of landscape conversion is aligned with RRWA's Russian River Friendly Landscaping (RRFL) Program, which encourages landscaping in a way that benefits the property, community, and watershed.

While the passage of AB 1572 will result in saving water in California, landscapers and property managers will need tools and information to manage a transition and be successful. This is where the *Turf's Up!* event comes in. Local experts will define nonfunctional turf, share with participants how to interpret compliance timelines specific to their business and land use type, review strategies to maintain tree health during lawn conversions, and discover available resources.

The RRFL event will feature case studies of properties that have already converted lawns, so attendees can learn by their example. "Folks like their grass and change can be hard, but clear thinking and simple truths will always prevail," said Dave Phelps, landscape architect, founder of Garden Enlightenment, and keynote speaker at *Turf's Up!*, "The best way forward is a clear strategy to take on the challenge and make the most of it. Looking to others who have successfully implemented a cohesive and transparent, phased approach in their community is a good way to start the process."

This February 11 event aims to provide a shared understanding of the law and ways that the landscapers and property managers in Mendocino and Sonoma Counties, can feel more prepared for this change. The event is free, but spots are limited! Learn more and register for the event at [rrwatershed.org/event/turfs-up/](http://rrwatershed.org/event/turfs-up/).

## Kenyan Lewis ~ Rising Tide

### Sponsor: Dahlia & Sage Community Market

Kenyan Lewis is a local sculptor and has participated in the sculpture trail on and off for many years. His piece, *Rising Tide*, is located on Cloverdale Blvd in the empty lot in front of Railroad Station Bar & Grill. His permanent piece "90 percent Oscar" is located in the park across from Cloverdale High School.

### Artist Statement:

"My most exciting childhood memories are of exploring the American River below our house. As a young adult, I later moved to a beach house in Bandon, Oregon before settling in Cloverdale. I believe these different environments influenced the development of my work. Rivers tend to change seasonally, while the environment of the beach is in a constant state of change. The new patterns and textures reorganized by every high tide and intense episodes of wind. Some texture in my work are snapshots of captured moments of the evolution of the landscape of the beach, rivers edge or desert textures. *Rising Tide* is a change from my more common functional architectural tile work in clay and glass, yet still references the random symmetry we live in. My most recent project involved glass wall panels at the 19Ten restaurant near Railroad Square in Santa Rosa".

## Kiwanis Christmas Wish Program Miriam Vasquez

This organization has been around for many years, and I'm so glad I came across them. The sweetest souls run it with so much love and dedication. I've been helping them for a couple of weeks now, and it's been such a blessing. I will always use my platform to support things like this and to uplift our community.

I always say "if you're going to help somebody, don't just post about it" – but in this case, what they're doing is truly amazing and it deserves to be shared. I'm hoping that next year we get

even more people to pick up Xmas Wish Tags and support this beautiful organization.

## Snake Oil Salesman Or Medical Doctor? Mary Jo Winter

For more than a century, the huge painted barn sign just south of Cloverdale advertising "Dr. Pierce's Medical Discovery" has greeted southbound travelers on Highway 101.

Ray Vaughn Pierce (1840-1914) was born in New York and graduated from the Eclectic Medical College in Cincinnati at the age of 22. Civil War draft papers list his profession as "physician."

After practicing medicine in Pennsylvania for a few years, Pierce moved to Buffalo, New York in 1867 where he manufactured and sold a number of proprietary medicines. He established the Invalids' Hotel and Surgical Institute, whose guests reportedly included the Sundance Kid. He also published a book entitled "The People's Medical Advisor" that sold more than two million copies.

A member of the State senate from 1877 to 1879, Pierce was elected as a Republican to the Forty-sixth U.S. Congress, serving from March 4, 1879, to Sept. 18, 1880, when he resigned due to poor health.

With credentials like these, it's easy to see why people trusted Pierce's medical opinions and purchased his medicines. What they didn't realize is that Dr. Pierce was more of a snake oil salesman than a medical doctor.

Pamphlets for his Golden Medical Discovery touted it as being able to "cure everything from gas pain to a finicky appetite." The licorice-flavored tonic, advertised as giving men "an appetite like a cowboy's and the digestion of an ostrich," contained quinine, opium and alcohol.

Pierce had a brisk mail order business, selling other medicines, as well, many of which were aimed at addressing "female illnesses. Surprisingly, his tonics and medicines were still being sold as late as the 1970s.

Today, Dr. Pierce's medicine bottles, boxes and other containers - some still full - are collector's items. Prices on eBay, the online auction site, range from \$7.99 to well over \$300.

## Cooking with David Maciel Sponsored by Ray's Food Place

In February we celebrate Valentine's Day, the day of romance and love. And what better way than this French dish beef bourguignon for two. Simply put beef slow simmered in red wine. I serve this with mashed potatoes. It's a warm comfort food recipe that's sure to impress.

### Beef Bourguignon for Two

- 3 oz bacon (3 slices), chopped
- ½ pound beef stew meat
- 1 carrot, sliced into 1" chunks
- ½ red onion, sliced
- 1 tablespoon all-purpose flour
- 1 cup red wine
- ¾ cup beef broth
- 3 fresh thyme sprigs
- 1 bay leaf
- 1 garlic clove, crushed
- salt, as you go
- freshly cracked black pepper, as you go
- 6 ounces baby onions (~1 dozen)
- 1 tablespoon unsalted butter
- 1 tablespoon olive oil
- ¼ cup beef broth, additional
- 1 bay leaf
- 1 tablespoon tomato paste
- 1 thyme sprig
- 12 button mushrooms, quartered
- ½ tablespoon olive oil
- 1 tablespoon unsalted butter

### Instructions

- Preheat the oven to 325 degrees.
- In a 2-quart cast iron braising pot, add the chopped bacon. Turn the heat to medium, and cook the bacon while occasionally stirring until it's no longer pink and is starting to crisp up. Remove it from the pan with a slotted spoon, leaving the bacon grease in the pan. Set it aside.
- Generously sprinkle salt and pepper over the beef chunks, and then add them to the pan you just removed the bacon from. Sear the beef on all sides until golden brown (but don't worry about cooking it through).
- Add the sliced carrot and red onion to the pan. Cook for 3-5 minutes, stirring occasionally.
- Sprinkle the flour over the vegetables and meat, cook for 1 minute while stirring.
- Add the wine, beef broth, thyme sprigs, bay leaf, tomato paste, and garlic clove to the pan. Add back the bacon pieces and a final big pinch of salt and pepper.
- Place the lid on the pot, and move it to the oven. Cook for 2 hours, stirring after one hour.
- About an hour before the time goes off, peel the onions and slice off the root ends.
- Place the whole onions in a skillet with the butter and olive oil. Turn the heat to medium-high, and sear the onions until they start to caramelize in a few places, about 5-6 minutes.
- Add the beef broth, bay leaf, thyme sprig, and a big pinch of salt and pepper to the skillet. Lower the heat to medium-low, and cook until the beef broth reduces to a syrupy liquid, and the onions are meltingly soft.
- Pour the onion mixture into a bowl.
- Without wiping out the pan, add the mushrooms, olive oil and butter. Turn the heat to medium, and cook until the mushrooms are starting to caramelize around the edges, about 7-8 minutes. Remove the mushrooms from the pan, and add them to the onions.
- When the beef is done cooking in the oven, remove the lid to stir in the onions and mushrooms.
